Come join our crew for the next series, where we will be looking at great structures of the Bible. Whether it's huge towers, strong walls, or even gigantic boats, the Bible is full of incredible stories about construction projects. We, too, are all under construction, and God's work in progress. Each week in this series, we'll visit the construction site with Ike Ironsides and Caleb Cade, where the kids will examine the basic building blocks of what it means to live on the solid rock of Scripture and God's will for each of our lives.

Series runs May 9 through June 27
